

**MASTER****BIOMATERIALS FOR TISSUE ENGINEERING
(BioTE) – 1st year, 2nd semester**

Day	Hour	Activity	Class/Lab
Monday	12:00-16:00	Scientific and practical research	ANs - Rectorat
	16:00-18:00	C - Debilitating diseases of tissues; Prof. Anca Hermenean	I-106
	18:00-20:00	C - Tissue engineering and regenerative medicine; Prof. Alex Grumezescu	I-106
Tuesday	16:00-22:00	L – Biomaterials characterization by advanced techniques (week 1-7, SG 1; week 8-14, SG 2); Prof. Adrian Surdu	ANs - Rectorat
	16:00-20:00	L - Tissue engineering and regenerative medicine (week 1-7, SG 2; week 8-14, SG 1); Prof. Ionela Neacsu	CAMPUS Center
Wednesday	16:00-20:00	C - Biomedical devices and prostheses; (week 8-14) Prof. Alex Grumezescu	I-106
	18:00-20:00	C - Biomaterials characterization by advanced techniques (week 1-7) Prof. Eugeniu Vasile	ANs - Rectorat
Thursday	16:00-18:00	C - Molecular and cellular engineering; Prof. Alina Holban	CAMPUS Center
	18:00-22:00	L - Molecular and cellular engineering (week 1-7, SG 1; week 8-14, SG 2);	CAMPUS Center
Friday	8:00-16:00	Scientific and practical research	ANs - Rectorat
