

MASTER

BIOMATERIALS FOR TISSUE ENGINEERING (BioTE)

Day	Hour	Activity	Class/Lab
Monday	16:00-18:00	L - Cell and tissue biology (SG1 - week 1-7/ SG2 - week 8-14)	CAMPUS Center
	18:00-20:00	Stem cells and regenerative medicine (SG2 - week 1-7/ SG1 - week 8-14)	CAMPUS Center
Tuesday	16:00-18:00	C - Stem cells and regenerative medicine; Prof. Florin Iordache	I-103
	18:00-20:00	C- Nanobiomaterials for tissue engineering; Prof. Anton Fikai	I-103
Wednesday	16:00-18:00	C - Nanomedicine: from concept to current and emerging applications; Prof. Adrian Volceanov	I-103
Thursday	16:00-18:00	L - Nanomedicine: from concept to current and emerging applications	I-106A
	18:00-20:00	(SG1 - week 1-7/ SG2 - week 8-14)	
Friday	16:00-18:00	C - Tissue biochemistry; Prof. Alexandru Grumezescu	I-103
	18:00-20:00	C - Cell and tissue biology; Prof. Anca Hermenean	I-103
